TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 20-9]

PART 20—PILOT CERTIFICATES

REISSUANCE OF EXPIRED PILOTS CERTIFICATES

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 22d day of July 1947.

Many pilots were not aware of the requirements of § 20.55 of the Civil Air Regulations which provides that a private or commercial pilot certificate ef-

fective on or after January 1, 1942, and issued prior to July 1, 1945, will expire as of July 1, 1947, unless exchanged for the new type certificate at any time prior to that date. There is no provision in the present Civil Air Regulations which prescribes the procedure for reissuance of such expired pilot certificates. The holders of these expired certificates should be permitted to apply to the Administrator for reissuance without examination or flight tests inasmuch as pilot competency was not involved in this certificate exchange.

The purpose of this regulation is to provide for the reissuance, without examination or flight tests, of those pilot certificates which expire July 1, 1947.

Effective July 22, 1947, Part 20 of the Civil Air Regulations is amended to add § 20.550 as follows:

§ 20.550 *Reissuance*. Any person who on June 30, 1947, held a valid private or commercial certificate and who failed to exchange such certificate in accordance with § 20.55 of the Civil Air Regulations, may, notwithstanding such failure and without other showing, obtain a pilot certificate with appropriate ratings upon application to the Administrator. (52 Stat. 934, 1007; 49 U. S. C. 425, 551)

PART 20—PILOT CERTIFICATES

ISSUANCE OF STUDENT PILOT CERTIFICATES AND TEMPORARY STUDENT PILOT CERTIFICATES; DURATION OF PILOT CERTIFICATES WITH PRIVATE OR COMMERCIAL RATING

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 22d day of July 1947.

The issuance of student pilot certificates would be facilitated, if provision were made in the Civil Air Regulations whereby an authorized representative of the Administrator, as well as the Administrator, were permitted to issue these certificates.

A further provision to provide for the issuance of temporary student pilot certificates would authorize the holders to exercise the privileges of a student pilot during the interim between successful completion of the prescribed requirements for such certificates and the receipt of same.

The Civil Air Regulations pertaining to airman certificates other than pilot certificates now provide that such certificates do not have a prescribed expiration date.

The purpose of this regulation is to provide that: (1) An authorized representative of the Administrator, as well as the Administrator, may issue student pilot certificates, (2) temporary student pilot certificates as well as pilot certificates with private or commercial rating may be issued by the Administrator or his authorized representative, and (3) pilot certificates with a private or commercial

rating shall not have a prescribed expiration date.

Effective July 22, 1947, Part 20 of the Civil Air Regulations is amended as follows:

1. Amend § 20.00 to read as follows:

§ 20.00 *Issuance.* A student pilot certificate will be issued by the Administrator or his authorized representative to an applicant who meets the applicable requirements.

2. Amend § 20.51 to read as follows:

§ 20.51 *Duration.* (a) A student pilot certificate shall expire 24 calendar months after the month of issuance.

(b) A pilot certificate with a private or commercial rating shall remain in effect unless it is suspended, or revoked, or a general termination date for such certificate is fixed by the Board.

3. Amend § 20.52, *Renewals*, to read as follows:

§ 20.52 *Temporary certificates.* The Administrator or his authorized representative may issue a temporary student pilot certificate or a temporary pilot certificate with a private or commercial rating for a period of not to exceed 90 days, subject to the terms and conditions specified therein by the Administrator.

4. By repealing § 20.53, *Restatement*. (52 Stat. 984, 1007; 49 U. S. C. 425, 551)

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 250—GENERAL RULES AND REGULATIONS, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

EXEMPTION OF SMALL HOLDING-COMPANY SYSTEMS

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Public Utility Holding Company Act of 1935, particularly sections 3 (a) 3 (d) and 20 (a) thereof, and deeming such action appropriate in the public interest and for the protection of investors and consumers, hereby amends § 250.9 (Rule U-9) of the general rules and regulations under the Public Utility Holding Company Act of 1935 by inserting after the words "does not exceed \$1,000,000," the words "or did not exceed \$1,000,000 at December 31, 1946." This modification of § 250.9 (Rule U-9) is in the nature of an exemption, and it appears improbable that its adoption will be objectionable to any person. The Commission therefore finds that the preliminary notice and public procedure provided for in section 4 (a) and (b) of the Administrative Procedure Act are unnecessary and declares the amendment of § 250.9 (Rule U-9) effective immediately pursuant to section 4 (c) of that act, subject, however, to re-

consideration at the end of thirty days in the event any significant comments or criticisms have then been received with respect to the rule. Such comments or criticisms may be submitted in writing to the Secretary of the Commission.

The text of the rule as modified follows:

§ 250.9 *Exemption of small holding-company systems*—(a) *Exemption.* If the net book value of utility assets of a holding-company system (including all parent companies and their subsidiaries) does not exceed \$1,000,000, or did not exceed \$1,000,000 at December 31, 1946, or if the gross revenues from the utility operations of such system (excluding intercompany sales of electric energy) for the preceding calendar year did not exceed \$350,000, all of the companies in such system shall, subject to filing the statements required by paragraph (c) of this section, be exempt from all the provisions of the act and rules thereunder, and none of such companies shall be deemed to be subsidiaries within the meaning of the act or any rule.

(b) *Exception.* The exemption provided by this section shall not apply to any acquisition of any security of any public-utility or holding company or any utility assets, if acquired from any person other than an associate company and for a consideration in excess of \$100,000.

(c) *Annual statement.* The top holding company of any system exempted by this section shall annually, on or before March 1, file with this Commission a statement that such system falls within the exemption granted by this section, including as exhibits (1) an income and surplus statement for the preceding year, and (2) a balance sheet as of the end of that year, both in consolidating form showing the utility revenues and asset values of each company in such holding-company system. (Secs. 3 (a) 3 (d) 49 Stat. 810, 20 (a) 49 Stat. 833; 15 U. S. C. 79c, 79t)

Effective: July 22, 1947.

By the Commission.

Secretary.

PART 270—GENERAL RULES AND REGULATIONS INVESTMENT COMPANY ACT OF 1940

EXEMPTION OF CERTAIN TRANSACTIONS

The Securities and Exchange Commission has heretofore duly published in the FEDERAL REGISTER, notice of proposals with respect to the amendment of § 270.17a-2 (Rule N-17A-2) and the adoption of a new § 270.17a-4 (Rule N-17A-4) under the Investment Company Act of 1940. After due consideration of all relevant matter presented in regard to the proposals, the Commission has determined that the proposed action is necessary and appropriate in the public interest and for the protection of investors and necessary to carry out the provisions of the act. Accordingly, the

Commission, acting pursuant to authority conferred upon it by the above mentioned act, particularly sections 17 (a) and 38 (a) thereof, hereby amends Rule N-17A-2 and adopts a new Rule N-17A-4 both to read as herein-after set forth.

Section 270.17a-2 (Rule N-17A-2) exempts from section 17 (a) of the act certain purchase, sale or borrowing transactions. Prior to the amendment, the exemption was limited to transactions between a bank and a person engaged principally in the business of instalment financing. The purpose of the amendment is to expand the exemption provided by the rule so that it will also apply to certain transactions between banks.

The purpose of § 270.17a-4 (Rule N-17A-4) is to exempt from section 17 (a) of the act, transactions pursuant to a contract where, at the time the contract was made and for a period of six months prior thereto, no affiliation or other relationship existed which would bring the transaction within the purview of section 17 (a). The Commission deems it proper to exempt such transactions since they are effected pursuant to a contract presumably entered into upon the basis of arms-length negotiations.

1. The text of § 270.17a-2 (Rule N-17A-2) as amended is as follows:

§ 270.17a-2 *Exemption of certain purchase, sale or borrowing transactions.* Purchase, sale or borrowing transactions occurring in the usual course of business between affiliated persons of registered investment companies shall be exempt from section 17 (a) of the act provided (a) the transactions involve notes, drafts, time payment contracts, bills of exchange, acceptances or other property of a commercial character rather than of an investment character; (b) the buyer or lender is a bank; and (c) the seller or borrower is a bank or is engaged principally in the business of instalment financing.

2. The text of new § 270.17a-4 (Rule N-17A-4) is as follows:

§ 270.17a-4 *Exemption of transactions pursuant to certain contracts.* Transactions pursuant to a contract shall be exempt from section 17 (a) of the act if at the time of the making of the contract and for a period of at least six months prior thereto no affiliation or other relationship existed which would operate to make such contract or the subsequent performance thereof subject to the provisions of said section 17 (a)

Since the foregoing action involves the enlargement of an existing exemption and the granting of an additional exemption, the Commission, acting pursuant to section 4 (c) of the Administrative Procedure Act, declares such action effective July 22, 1947.

(Secs. 17 (a) and 38 (a), 54 Stat. 815, 841, 15 U. S. C. 80a-17, 80a-37)

§ 585.3 *Fee to accompany application.* The application must be accompanied by the Lender's check for a sum computed at the rate of three dollars (\$3) per thousand dollars (\$1,000) of the original principal amount of the loan applied for. If the application is refused without an estimate of the necessary current cost of manufacturing the houses, the fee paid will be returned to the applicant. If agreements are entered into between the Borrower and the Lender, with the approval of the Commissioner for the substitution of the security for an insured loan, a further fee shall be paid at the time of the request for substitution, in such amount as may be determined by the Commissioner, but, in no event, shall such additional fee exceed one dollar and a half (\$1.50) per thousand dollars (\$1,000) of the loan value of the substituted security as determined by the Commissioner.

§ 585.4 *Approval of application.* Upon approval of an application, accept-

ance of the loan for insurance will be evidenced by the issuance of a commitment setting forth, upon a form prescribed by the Commissioner, the terms and conditions under which the insurance will be granted.

ELIGIBLE LOANS

§ 585.5 *Use of proceeds.* The proceeds of the loan shall be used for the purpose of financing the cost of manufacturing houses meeting such requirements of sound quality, durability, livability and safety as may be prescribed by the Commissioner.

§ 585.6 *Maximum amount of loan.* The loan shall involve a principal obligation not in excess of 90% of the amount which the Commissioner estimates will be the necessary current cost of manufacturing such houses, exclusive of profit.

§ 585.7 *Execution of binding purchase contracts.* The borrower shall establish that binding contracts have been executed satisfactory to the Commissioner, providing for the purchase and delivery of the number of houses to be manufactured with the proceeds of the loan.

§ 585.8 *Security, agreements and undertakings.* The loan shall be secured by an assignment of the purchase contracts specified in the next preceding paragraph and of all sums payable under such purchase contracts, with the right in the assignee to proceed against such security in the case of default as provided in the assignment, which assignment shall be in such form and contain such terms and conditions as may be prescribed by the Commissioner; and the Commissioner may require such other agreements and undertakings to further secure the loan as he may determine, including the right, in the case of default or at any time necessary to protect the lender, to compel delivery to the lender of any houses manufactured with the proceeds of the loan and then owned and in the possession of the borrower.

§ 585.9 *Requirements with respect to plant facilities, capital funds, and experience and credit standing.* The borrower shall establish to the satisfaction of the Commissioner that he has or will have (a) adequate plant facilities, (b) sufficient capital funds, taking into account the loan applied for, and (c) the experience necessary to achieve the required production schedule. The borrower must have a general credit standing satisfactory to the Commissioner.

§ 585.10 *Maturity.* The loan shall have a maturity satisfactory to the Commissioner but not in excess of one year from the date of the note.

§ 585.11 *Rate of interest.* The loan may bear interest at such rate as may be agreed upon between the borrower and the lender, but in no case shall such interest rate be in excess of 4% per annum on the amount of the principal obligation outstanding at any time.

§ 585.12 *Loan agreement, matters required therein.* The borrower and the lender shall, prior to the insurance of the loan, enter into a written loan agreement, containing such terms and conditions and undertakings with respect to

the loan transaction as may be approved by the Commissioner, including provisions with respect to the manner and conditions under which advances, (if any) during the process of manufacture are to be made by the lender and approved for insurance by the Commissioner, and provisions under which substitutions of security may be made from time to time.

§ 585.13 *Form and contents of note.* The note evidencing the indebtedness shall be in such form and contain such provisions as the Commissioner may determine, including a provision for acceleration of maturity, at the option of the holder, in the event of default in the payment of any sums due thereunder or failure to perform any undertaking or agreement contained in the note or any collateral document executed in connection with the loan transaction.

§ 585.14 *Inspections of books, records and operations of borrower.* The books, records, contracts, documents, papers, property equipment, buildings and machinery used in connection with and pertaining to the manufacture of the houses shall be subject to inspection and examination by the Commissioner or his duly authorized agent at all reasonable times. The borrower shall furnish, at the request of the Commissioner, his employees or attorneys, specific answers to questions upon which information is desired from time to time relative to the income, assets, liabilities, contracts, operations, including all papers and documents relating to cost of manufacturing of such houses, and any other information with respect to any matters concerned with the manufacturing of such houses which may reasonably be required by the lender and the Commissioner. The above enumeration of specific items shall not be deemed in any manner to limit the generality of the preceding sentence. In case the borrower is in default either under the provisions of the loan, or has failed to meet any applicable requirements of this section, or is in default with respect to any agreement or undertaking between the borrower and the lender or any agreement or undertaking to which the Commissioner is a party, the Commissioner may require the borrower to furnish at the expense of the borrower a complete audit of the borrower's books of accounts, duly certified by a public accountant satisfactory to the Commissioner.

§ 585.15 *Fees and charges collectible from borrower.* The lender may charge and collect from the borrower the amounts payable by the lender to the Commissioner on account of insurance premiums under the insurance contract, application and appraisal fees, and inspection charges.

§ 585.16 *Effective date.* These administrative rules (§§ 585.1 to 585.16, inclusive), are effective as to all loans with respect to which a commitment to insure under section 609 is issued to an approved lender on or after July 25, 1947.

§ 586.1 *Citation.* The regulations in this part may be cited and referred to as "Part 586—Regulations of the Federal Housing Commissioner under section 609 of the National Housing Act, issued July 25, 1947"

§ 586.2 *Definitions.* As used in the regulations in this part, the term:

(a) "Commissioner" means the Federal Housing Commissioner.

(b) "Act" means the National Housing Act, as amended.

(c) "Contract of Insurance" means the written instrument duly executed by the Commissioner and the lender setting forth the terms, conditions and provisions of insurance.

(d) "Lender" means a financial institution which is eligible to obtain the insurance of loans made pursuant to section 609 of the act and includes the original lender, its successors and such of its assigns as are approved by the Commissioner.

(e) "Insured Loan" means a loan with respect to which the Commissioner has executed a contract of insurance.

§ 586.3 *Insurance premiums.* The lender shall pay to the Commissioner an insurance charge equal to one per centum (1%) of the original principal of the loan specified in the Commitment to insure and such premium charge shall be paid on the date the contract of insurance becomes effective. Such premium charge shall be construed as fully earned when paid and shall be computed without regard to the amount of the loan actually advanced or outstanding.

§ 586.4 *Contract of insurance.* Upon compliance satisfactory to the Commissioner with the terms of the commitment to insure, the Commissioner and the lender shall execute the Contract of Insurance and the loan shall be an insured loan from the effective date of such contract. The Commissioner and the lender shall thereafter be bound by the contract of insurance, subject to the provisions of the regulations in this part which shall form a part of each such contract. The contract of insurance shall contain such provisions as the Commissioner may prescribe with respect to the servicing of the loan, submission of reports and notices regarding the loan transaction and other duties of the lender in the handling of the loan transaction prior or subsequent to default, consistent with the provisions of section 609 of the

act and the administrative rules and regulations thereunder.

§ 586.5 *Default and rights of lender under insurance contract.* If the borrower fails to make any payment due under or provided to be paid by the terms of the loan or fails to perform any other covenant or obligation contained in any assignment, agreement or undertaking executed by the borrower in connection with such loan, because of which the lender has declared the full amount due and payable under the acceleration clause contained therein, and such failure continues for a period of thirty (30) days, the loan shall be considered in default and the lender shall, within thirty (30) days thereafter, give notice in writing to the Commissioner of such default. At any time within thirty (30) days after the date of such notice, or within such further period as may be agreed upon by the Commissioner in writing, the lender shall in such manner as the Commissioner may require, assign, transfer, and deliver to the Commissioner the original credit instrument without recourse or warranty, except that the note bears the genuine signature of the borrower, is valid and enforceable in the jurisdiction in which it is issued, the amount stated in the instrument of assignment is actually due and owing, there are no offsets or counterclaims thereto, and that the lender has a good right to assign the note and other items enumerated below:

(a) All rights and interest arising with respect to the loan so in default;

(b) All claims of the lender against the borrower or others, arising out of the loan transaction, except such claims as may have been released with the approval of the Commissioner;

(c) Any cash or property held by the lender, or to which it is entitled, as deposits made for the account of the borrower and which have not been applied in reduction of the principal of the loan; and

(d) All records, documents, books, papers, and accounts relating to the loan transaction.

The assignment provided for in this section shall be in a form satisfactory to the Commissioner.

§ 586.6 *Payment of debentures.* Upon such assignment, transfer, and delivery and compliance with the provisions of § 586.5, the Commissioner shall deliver to the lender:

(a) Debentures of the War Housing Insurance Fund as set forth in section 604 (d) of the act, issued as of the date the loan became in default, bearing interest at the rate of two and one-half (2½%) per centum per annum, payable semi-annually on the first day of January and the first day of July of each year and having a total face value equal to the unpaid principal balance of the loan on the date of default as determined in § 586.5, less any amounts received by the lender from any source and applied on the loan subsequent to the date of default and prior to its assignment to the Commissioner.

(b) Such debentures shall be registered as to principal and interest and all

or any such debentures may be redeemed at the option of the Commissioner with the approval of the Secretary of the Treasury at par and accrued interest on any interest payment day on three months' notice of redemption given in such manner as the Commissioner shall prescribe. Such debentures shall be issued in multiples of \$50 and any difference not in excess of \$50 between the amount of debentures to which the lender is otherwise entitled hereunder and the aggregate face value of the debentures issued shall be paid in cash by the Commissioner to the lender.

§ 586.7 *Assignments.* Loans insured under the regulations in this part may be transferred (but, except with the written approval of the Commissioner, only subsequent to full disbursement of the loan proceeds) to a transferee, who is approved by the Commissioner. Upon such approval and transfer and the assumption by the transferee of all obligations under the Contract of Insurance, the transferor shall be released from its obligations under the Contract of Insurance.

§ 586.8 *Amendments.* The regulations in this part may be amended by the Commissioner at any time and from time to time, in whole or in part, but such amendment shall not affect the Contract of Insurance on any loan already insured or any loan on which the Commissioner has made a Commitment to insure.

§ 586.9 *Effective date.* The regulations in this part are effective as to all loans on which a Commitment to insure under section 609 is issued to an approved lender on or after July 25, 1947.

FEDERAL POWER COMMISSION

[Docket No. G-923]

UNITED NATURAL GAS CO.

NOTICE OF APPLICATION

JULY 22, 1947.

Notice is hereby given that on July 11, 1947, United Natural Gas Company (Applicant) a Pennsylvania corporation, having its principal place of business at Oil City, Pennsylvania, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate the following described facilities:

Seven (7) gas engine driven compressors with a combined rating of 1,450 hp., and auxiliary equipment, to be installed in a proposed new compressor station to be located in Franklin Township, Beaver County, Pennsylvania.

Applicant states that the proposed facilities will be installed in a proposed compressor station to be located in Franklin Township, Beaver County, Pennsylvania, at the northern end of a proposed 20-inch pipeline described in United Natural's application for a certificate of public convenience and necessity filed in Docket No. G-891.

Applicant states that the purpose of the proposed facilities is for recompressing gas supplied from the Big Inch and Little Big Inch lines as long as the pressure provided at these lines is insufficient to transport to other points on Applicant's system such gas as may be delivered to Applicant, and for recompressing gas which is now being purchased under contract from The Manufacturers Light and Heat Company and which is limited to a maximum pressure of 365 pounds p. s. i.

Applicant intends to operate the proposed facilities only as long as the pressures available from the sources of supply are inadequate, after which application will be made to the Commission to remove the station either in its entirety or such parts as may be unnecessary for ultimate operation of the system.

It is stated that the volumes of natural gas to be compressed by the proposed facilities will be from 10,000 Mcf to 60,000 Mcf per day, depending upon pressures and volumes at the sources of supply mentioned.

The total over-all capital cost of the proposed facilities is estimated to be \$274,000. In order to finance the proposed construction, Applicant states that it is proposed that National Fuel Gas Company, its parent company, will borrow temporarily from banks a sufficient amount to supplement cash resources of Applicant and in turn will loan to Applicant on promissory notes of three months' maturities. Permanent financing to the extent necessary will be accomplished at a later date.

The estimated annual cost of operation of the proposed facilities is \$106,030. It is not presently contemplated that the proposed construction will make necessary any increase in Applicant's rates.

Any interested State commission is requested to notify the Federal Power Commission whether the application should

be considered under the cooperative provisions of the Commission's Rules of Practice and Procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of United Natural Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the Rules of Practice and Procedure, and shall set out clearly and concisely the facts from which the nature of the petitioner's or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering, specifically and in detail, each material allegation of fact or law asserted in the proceeding.

[Docket No. G-924]

PHEBUS PIPE LINE CO.

NOTICE OF APPLICATION

JULY 23, 1947.

Notice is hereby given that on July 16, 1947, Phebus Pipe Line Company (Applicant) an Illinois corporation having its principal place of business at Owensboro, Kentucky, filed an application for permission and approval of the Commission to abandon the following-described facilities and to discontinue the service rendered thereby:

Approximately 8 miles of 6-inch natural-gas transmission pipe line, together with necessary appurtenances, extending from the Russellville Gas Field in Lawrence County, Illinois, in a southeasterly direction to a point near Vincennes, Indiana.

Applicant states that, by means of the facilities described, it transports and sells natural gas produced in the Russellville Field to Hoosier Gas Corporation for resale by the latter in the cities of Vincennes, Washington, and Princeton, Indiana, and environs.

Applicant states that it is not Hoosier Gas Corporation's major or sole source of supply and that abandonment by Applicant of its system and discontinuance of service to Hoosier Gas Corporation will not materially affect the latter's service to its consumers.

It is stated that the wells from which Applicant receives its source of supply have become so depleted that it is not

economically advisable to continue operation of its pipe line system; that production has decreased from a total of 92,059 Mcf in the year 1943 to 37,527 Mcf in the year 1946, and a total of 6,551 Mcf for the first five months of 1947.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Rule 37 of the Commission's Rules of Practice and Procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Phebus Pipe Line Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of Rule 8 or 10, whichever is applicable, of the rules and practice and procedure (18 CFR 1.8 or 1.10)

INTERSTATE COMMERCE COMMISSION

[Ex Parte 166]

1947 INCREASED FREIGHT RATES

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 24th day of July A. D. 1947.

Upon consideration of the petition in the above-entitled proceeding filed on July 3, 1947, as amended July 23, 1947, by common carriers by railroad named therein, comprising all the Class I railroads in the United States, and many railroads of other classifications, requesting the Commission to institute an investigation into the level of railway freight rates and charges, and to authorize the petitioners to increase their freight rates and charges 25 percent within eastern territory; 15 percent within southern and within western territories; 25 percent interterritorially between southern and western territories, on the one hand, and eastern territory, on the other; and 15 percent interterritorially between southern and western territories, with certain exceptions, as set forth in detail in Appendix II to the petition, as amended, with permission to make such increased rates and charges effective at the earliest possible date, upon one day's notice, and for a general order modifying all outstanding orders of the Commission to the extent necessary to enable the petitioners to make the proposed increased rates and charges effective, and for entry of appropriate orders under sections 4 and 6 of the In-

terstate Commerce Act, and for other and further relief:

It is ordered, That an investigation is hereby instituted into and concerning the reasonableness and lawfulness of further increases in freight rates and charges of petitioning carriers and intervening petitioners and that the investigation and the petition, as amended, be, and they are hereby, assigned for hearing at the office of the Commission in Washington, D. C., before Division Two, on September 9, 1947, at 9 a. m. United States standard time (10 a. m. District of Columbia daylight saving time)

And it is further ordered, That the proceedings be governed by the special rules of practice hereto appended, in addition to the general rules of practice before the Commission.

By the Commission.

APPENDIX—SPECIAL RULES OF PRACTICE APPLICABLE IN PROCEEDING IN DOCKET EX PARTE No. 166

Interventions. Petitions of intervention by carriers other than the petitioners, seeking similar relief should comply with the General Rules of Practice, Rule 72. Persons appearing in opposition to the petition herein, or in opposition to any similar petition of carriers other than those filing the original petition, will be considered as protestants, and may be heard without the filing of petitions of intervention.

Simplification of presentations. In order to conserve time and avoid expense, it is strongly urged that persons finding themselves with common interests in the proceeding shall, to the greatest extent possible, endeavor to consolidate their presentation of testimony, and arrange for cross-examination by as few counsel as possible. The same course should be followed upon oral argument.

Evidence offered should be carefully prepared with a view to conciseness and clarity, and so as to avoid extraneous, immaterial, and irrelevant matter and undue cumulation of testimony or of witnesses upon any point. It should be factual in character, and argument should be reserved for the oral argument stage, and not be incorporated in the testimony.

Exhibits. In the preparation of exhibits, Rules of Practice 81 to 84, inclusive, should be followed. If possible, all documents submitted by a witness should be embraced in a single exhibit, with pages consecutively numbered, suitably bound together. In order to supply the State Commissioners, members of this Commission, and counsel in the proceeding, at least 150 copies of each exhibit should be prepared. So far as possible exhibits should be made self-explanatory in order to minimize the amount of time required for explanation by oral testimony.

Prepared statements. Witnesses who expect in the course of their testimony to read from a written statement should comply with Rule 77 of the Rules of Practice. They should have sufficient copies thereof to supply opposing counsel, the presiding officers and the official reporter. Such written statements should be furnished counsel a reasonable time before the appearance of the witness on the stand. However, in the interest of conservation of time, it is suggested that such statements be prepared and offered in the manner indicated in the paragraph below, relating to verified statements, instead of being submitted orally by a witness on the stand.

Witnesses who will use prepared statements should remember that extensive tabular matter should be submitted separately, as an exhibit, and thus avoid the necessity for copying tabular matter into the transcript of oral testimony.

Hearings. The initial hearing shall be primarily for the purpose of receiving testimony on behalf of (a) the petitioners, (b) interveners, and (c) protestants who are prepared and desire to be heard. Such additional hearings will be provided as the progress of the proceeding indicates to be necessary or desirable.

Submission of evidence in written form. The evidence in chief to be produced on behalf of the petitioners and any intervening petitioners who may come into the proceeding, shall be submitted in written form, as prepared statements by the respective witnesses, with their accompanying exhibits. Such documents should be made available to the Commission by filing copies as in the case of verified statements (hereinafter mentioned) on or before August 20, 1947, and a copy should be transmitted by petitioners and intervening petitioners to the regulatory authority of each State having jurisdiction with respect to the intrastate rates and charges of petitioners and intervening petitioners, and also to each person who shall give timely notice to the Commission and counsel for petitioners of their intention to appear as protestants. Such notification to petitioners should be made on or before August 20 1947, in writing, addressed to J. Aronson, 463 Lexington Avenue, New York 17, New York.

Verified statements (affidavits). Evidence in the form of verified statements (affidavits) without personal appearance of the affiant as a witness will also be received in the absence of objection, as hereinafter specified. Parties desiring to offer such statements should make available as early as possible during the hearing 150 copies for the Commission and other parties, including the petitioners. Notice of any objection to the receipt of any such statement in evidence should be given to the Commission and to the party submitting the statement promptly following the receipt of such statement. If no such notice is given promptly it will be considered that objection to the receipt of the statement in evidence is waived, but objection to the weight to be accorded the statement of facts is reserved. Such statements should conform to the Rules of Practice in respect of style, mimeographing or printing, etc. They should be limited strictly to statements of fact and contain no argument, and if not so limited may be excluded. The Commission on its own motion or on objection may exclude a verified statement or any portion thereof which (a) is not material or relevant to the questions presented in this proceeding, (b) is obviously incompetent, or (c) is argumentative in character. In the absence of objection to introduction of the verified statement it will be unnecessary for the affiant to appear personally at the hearing. All verified statements received in evidence will be part of the record in the proceeding, upon which the Commission will base its decision.

Notice of intention to produce testimony. Persons who desire to be heard will facilitate necessary arrangements by sending notice of their intention by letter or telegram to the Commission at Washington, so as to reach the Commission before September 4, 1947, which shall state the number of witnesses, and the approximate amount of time considered necessary for presentation of direct testimony.

Correspondence. Correspondence relative to this matter should be addressed to the Commission at Washington, D. C., with a reference to the docket number, Ex Parte No. 166.
